CONTACTS

- **Nyoka Joseph** – Study Away Advisor for NYU Sydney  
  Office of Global Programs  
  383 Lafayette Street | nyoka.joseph@nyu.edu | 212-992-9962

- **Office of Global Services** -- ALL VISA AND IMMIGRATION QUESTIONS  
  383 Lafayette Street | ogs.outbound@nyu.edu | 212-998-4242

- **Global Academics** – global.academics@nyu.edu

- **Student Perspective:** global-peer-mentors@nyu.edu
Packing & Travel Tips

Before you pack: check the weather and ask your airline about luggage restrictions (you do not want to be charged for an overweight or additional suitcase at the airport)

Suggested Items:
- Warm clothes! You will need layers and jackets in addition to your summer clothing. It will get warmer towards the end of the semester and surrounding areas of Sydney are much colder.
- Internship may require business-casual or casual clothing. Be prepared for both!
- Comfortable shoes, as well as a pair of dress shoes for formal events or outings
- A small weekend-size bag/backpack/collapsible duffle bag for trips you’ll take during your time abroad
- Battery-operated travel alarm clock
- Favorite over-the-counter medication that you like to take when you have a cold, headache, etc.
- Prescribed medication: 4-month supply (with copies of the prescription written in generic term; doctors note) check with doctor NOW to make sure you can take the full supply. Note: for some conditions and some medications, you will not be able to obtain a full supply. In that case, contact the NYU Wellness Exchange at (212) 443-9999 or wellness.exchange@nyu.edu
- Camera (and camera battery charger)
- Your NYU ID card
- Any items that you cannot live without, but nothing you couldn’t bear to lose
- Plug adapters for Australia/New Zealand to change the shape of the plug

Leave at home:
- Linens (sheets, pillows, blankets)
- Kitchen utensils, pots, or pans
- Appliances (e.g. hairdryer, flat irons, shavers). Even with a plug adaptor and converter, the higher voltage can destroy your small appliances and could potentially knock out power in entire buildings. It’s best to buy local versions once you get abroad (voltage in Australia is 220-240V)
- Electricity converter. They don’t work!

Pack in your carry-on:
Pack your weekend bag (backpack, duffel bag, etc.) with everything you’ll need for the first few days of your trip. Bring it as a carry on the plane so you’ll be ready in case your baggage is delayed
- Copy of your travel itinerary and documents
- Passport (and copies of your passport)
- Any immigration/visa documents
- Medication (with copies of the prescription written in generic term)
- Copy of your health insurance card and information
- Valuables (e.g. laptop, camera)
- Copies of important phone numbers
- **NYU Sydney Arrival cheat sheet (sent to students about two weeks before that start of the term)**
- Two to three outfits & necessary items for a couple days in case your checked luggage gets lost
- Snacks. It’s horribly unpleasant to be hungry and thirsty while you’re on a plane and they control when you get meals, so bring some snacks (stay away from fruit, especially if you have a layover, as some countries don’t want you to bring perishable food into their airports). And make sure you have your own water on the flight (though, remember, you can’t take any through security).
- Don’t forget that you cannot bring more than 3 oz. of any liquid in your carry on for your flight overseas. Airport security can be very stringent. Make sure you follow all the rules when it comes to flying!
